

Erasmus⁺ Programme (ERASMUS)

BOOST

“BOOSTing agribusiness acceleration and digital hub networking by an advanced training program on sustainable Precision Agriculture”

Deliverable: **D3.1 within Task T3.2**

Tasks title: **T3.2 Follow-up**

Deliverable title: **BOOST prototype evaluation report**

Type: **R - Report**

Dissemination level: **SEN**

Lead partner: **UNIVPM**

Author(s): **Matteo Belletti, Aikaterini Paltaki, Roberto Fiorini**

Reviewers: **All partners and External Evaluators**

Due date of deliverable: **14/09/2024**

Actual submission date: **14/09/2024**

Executive Summary

The present report (D3.1) shows the data collection based on the questionnaires filled in by the pilot trainees in all partner countries of the BOOST project and provides an Evaluation Report assessing the main aspects for improving the educational package in the field of agribusiness and precision agriculture.

In summary, the analytical conclusions of this report were shared and discussed among the BOOST's partners to highlight how the trainees evaluated the training path undertaken and the results in terms of skills obtained.

Based on report D3.1, the training path improvement package will be decided (D3.2, improvements action plan) and implemented in the next phase of the project.
